

ICC-SRCC™ TESTING LABORATORY RECOGNITION CERTIFICATE

This is to attest that

**Institute for Building Energetics, Thermotechnology &
Energy Storage (IGTE), University of Stuttgart**

www.igte.uni-stuttgart.de/

is recognized under the *ICC-SRCC Testing Laboratory Recognition Program*. IGTE has met requirements for ISO/IEC 17025 accreditation, solar thermal testing capability and expertise and knowledge of ICC-SRCC certification and listing program policies and requirements.

SCOPE OF RECOGNITION

The Institute for Building Energetics, Thermotechnology & Energy Storage (IGTE) has been recognized as a testing laboratory for the evaluation and testing of the following product categories and international standards applicable to ICC-SRCC certification and listing programs.

PRODUCT CATEGORY	TESTING STANDARDS
Solar Thermal Collectors • Glazed Liquid-Heating Type • Unglazed Liquid-Heating Type • Concentrating Liquid-Heating Type • Transpired Air Type	ICC 901/SRCC 100 ISO 9806 EN 12975
Solar Water Heating Systems • Integrated Collector Storage (ICS) • Inseparable Thermosiphon	ICC 900/SRCC 300 ISO 9459-2 ISO 9459-4 ISO 9459-5 EN 12976-1 EN 12976-2
Solar Storage Tanks	EN 12977-3 EN 12977-4 SRCC TM-1

This recognition is valid through August 1, 2027, and is subject to annual renewal.

Vincent Chui, S.E., VP of Evaluation Services
